## 70.1.2 Definitions

A Track Racing meeting consists of all official activities related to racing, starting with the first administration controls and technical verifications until the settlement of all possible protests which are to be dealt with by the Jury or the Referee, if the Jury does not exist.

The actual racing consists of a series of several heats, between 4 or more Riders or Riders with passengers, referred to hereafter as Rider(s), run on a track formed by two straights joined by two semi-circles with a top surface in granite, shale, brick granules or similar unbound material rolled in on the base ground (Speedway), sand, shale or similar unbound material rolled in on the base ground (Long Track), firm, level turf with minor undulations (Grass Track) and ice with a minimum thickness of 20 cm (Ice Racing).

These meetings may be run between Riders competing individually, as a pair, or as a team. Each heat will be limited to one class of motorcycles of the same group.

The FIM World Championships, Prize Events and League Cups recognised by the FIM, referred to hereafter as the FIM Championships may be staged in a series of qualifying meetings leading up to a Final, a Final Series or a Grand Prix Series.

In accordance with prevailing circumstance, the CCP/FIM at its sole discretion may cancel, alter, change or amend ANY aspect of the qualification system and/or diagrams (i.e. the selection of wild card Riders, qualified Riders, nominated Riders, etc.) in respect of any FIM Championship/Cup/Trophy competition at any time.

In all FIM Championship meetings, the cylinder capacity and carburettor-choke size of all engines of all machines, employed by any Rider may be verified immediately after the last heat.

The weight of some machines, chosen at random, may also be checked during and/or immediately after racing.

The Referee may order any engine or machine to be rechecked or re-tested at any time during practice or racing.

At all FIM Championships, Official FIM specification declaration forms are provided by the FIM for machine verification and signed by the Technical Steward.

The Rider or his representative or the mechanics must be present, with the machines, at the time stipulated in the SRs.

As soon as a Rider is known to have completed all heats (including substitutions, semi-final/final where applicable) all motorcycles used in the meeting must be taken immediately to the parc fermé where they must remain until released on instruction from the Jury to the Technical Steward.

If needed, any extra motorcycle can be parked in the specially provided "standby" area, near to the pits.

### **70.7.5 Environmental Mat**

## **70.10 RACES**

### **70.10.1 Direction of racing**

All heats are run in an anti-clockwise direction, except for Speedway Sidecar, which is run in a clockwise direction.

### **70.10.2 Additional heats and other activities**

During a Track Racing FIM Championship meeting, support races may be permitted. However, these support races, as well as any other activities such as the vehicular use of the circuit during the meeting, including

demonstrations or exhibitions, must at all times receive prior authorisation from the FIM and the Championship Promoter.

Long Track World Championship - Specifically in respect of this discipline, a maximum number of 6 additional heats will be permitted and authorised subject to complying with the additional conditions as stated above.

Authorisation from the FIM does not imply nor include any FIM involvement in and/or liability for these support races/activities which are not run under the aegis and the responsibility of the FIM.

Priority must at all times be given to the Track Racing FIM Championship programme.

### **70.10.3 Punctuality in starting**

All heats must start at the time announced and Riders must hold themselves ready for the start when called upon to do so by the appointed Official.

#### Speedway, Speedway sidecar, Flat Track on Speedway Tracks and Ice Racing

The Referee must indicate the start of a 2 minutes period by means of a warning horn or bell audible in the pits area together with the flashing amber lights if all the Riders are not in the starting area at that time. This warning shall apply to all 4 Riders and can be given only once.

Except when the Referee considers that there are valid reasons for delaying the start of an ensuing heat, the interval between the finish of one heat and the start of the next shall not exceed 4 minutes including the 2 minutes period as mentioned above.

Should any of the Riders not be ready to start, they shall be disqualified from the heat.

In individual competitions, the disqualified Rider shall be replaced by a track reserve Rider.

#### Long Track, Flat Track on Long Track Tracks & Track Racing Youth

The Referee must indicate the start of a 2 minutes period by means of a warning horn or bell audible in the pit area together with the flashing amber lights if all the Riders are not in the starting area at that time. This warning shall apply to all Riders and can be given only once.

Except when the Referee considers that there are valid reasons for delaying the start of an ensuing heat, the interval between the finish of one heat and the start of the next shall not exceed 5 minutes including the 2 minutes period mentioned above.

Should any of the Riders not be ready to start within the 2 minutes, they shall be disqualified from the heat.

In individual competitions, the disqualified Rider shall be replaced by a track reserve Rider.

#### **70.10.4 Starting positions**

Riders who are members of the same team or pair can change with each other their programmed starting positions in the same heat.

However, the helmet colours must remain as programmed in the race format.

#### **70.10.5 Starts**

On the order of the Pits' Marshal (or after a signal in the pits) the required Riders must leave the pits together and proceed under power immediately in an anti-clockwise (Speedway Sidecar in a clockwise) direction to the starting area where they must stop under the control of the Starting Marshal.

Engines must be kept running, machines parallel with the inner edge of the track and front wheels not more than 10 cm from the tapes of the starting gate.

The Referee, when satisfied that the Riders are correctly positioned, must switch on the green light indicating that the start is imminent.

On the showing of the green light, the Start Marshal must commence to walk clear of the riders.

After a pause long enough for the Riders to fix their attention on the tapes and are standing still, the Referee must release the gate.

#### **70.10.6 Unsatisfactory Starts**

Where in the opinion of the Referee an improper or incorrect start has occurred, then the heat will be stopped immediately and a restart ordered.

The Referee will give a warning to any Rider deemed to have been the cause of or contributed to the unsatisfactory start. This will be communicated verbally to the rider concerned by the Race Director/Clerk of the Course before the race is restarted.

Note: A first starting offence involving a disqualification of a rider (i.e. touching the tapes) will also be deemed to be a warning as described above.

In circumstances where the Referee is of the opinion that an offence has been committed but the offending rider has gained no advantage and is deemed not to have interfered with any other rider in the same heat, the Referee may allow the heat to continue and issue the warning after the heat is completed. In these circumstances the offending rider must be informed before leaving the pits for his/her next heat.

Any starting offence committed after a warning has been given in the same meeting under this Regulation will result in the disqualification of the rider from that race. This will be signified by the showing of his disqualification light by the Referee. The place of any rider disqualified under this Regulation will be taken by a Reserve rider in accordance with Regulation 70.10.9.

#### **70.10.7 False start**

A Rider who allows their motorcycle to move forward and touch or break one or more tapes of the starting gate after the Referee has switched on the green light must be disqualified. The heat must then be started properly.

#### **70.10.8 Delaying the start**

A Rider who fails to ride directly and without delay from the pits to the starting line, delays the start in any other manner or who prevents the starting gate from being released properly may be disqualified from the heat at the sole discretion of the Referee.

#### **70.10.9 Replacement of disqualified Rider**

In individual contests, a Rider disqualified under the provisions of Art. 70.10.3, 70.10.6, 70.10.7, 70.14.3 or 70.10.8 shall be replaced by a track

reserve Rider.

In Pairs and Team meetings, a Rider disqualified under the provision of the same articles may not be replaced by a reserve Rider.

#### **70.10.10      Faulty starting gate**

If, because of faulty operation of the starting gate, or for any other reason, the Referee considers a start to have been incorrect, he must immediately stop the heat and order a restart with all Riders competing.

If the starting gate should fail to operate entirely, the Referee may start the heats by using the green light (which would be switched off to indicate the start); alternatively a flag may be used.

#### **70.10.11      Starting assistance**

After the green light has been switched on (or other starting warning given), or the start machine being released, no outside assistance may be given to any Rider (except for the Flat Track).

If, at that time, a Rider's machine is not moving under its own power, the Rider concerned is disqualified from the heat and must leave the track with his machine.

#### **70.10.12      Leaving the track**

A Rider whose machine crosses the inner edge of the track marking with 2 wheels must be disqualified unless, in the opinion of the Referee, the action was taken in the interest of safety for other Riders or the Rider involved was forced off-course by another Rider.

This rule also applies to the crossing (solo: 2 wheels and Sidecar: Sidecar wheel) of the marking of the outer edge of a track.

#### **70.10.13      Noise disqualification**

If any part of the motorcycle's exhaust system during racing or practice becomes displaced, detached or damaged or fails in any other way so that

all the exhaust gases do not pass through the silencer in a proper manner, the Rider concerned will be immediately disqualified from the heat or from the practice run.

#### **70.10.14 Foul or dangerous riding**

The Referee shall immediately disqualify any Rider (or Riders) whom he considers indulges in foul, unfair or dangerous riding.

A Rider, who, having started in a heat does not make an honest attempt to ride to the best of their ability, as judged by the Referee, shall be guilty of an offence, which may entail disqualification from the heat or a penalty.

There shall be no protest or appeal against a Referee's decision to declare a heat completed or as to his statement of foul, unfair or dangerous riding.

If, in the opinion of the Referee, such conduct produces an advantage to the Rider (or team) involved or affects the chances of one or more Riders, the Referee may stop the heat and order a re-run.

If any Rider is unable to cross the finish line as a result of foul, unfair or dangerous riding on the part of another Rider who, in consequence, has been disqualified, the disadvantaged Rider shall be deemed to have finished the heat in the placing held immediately before the foul, unfair or dangerous riding and allowing for any advancement in placing following the disqualification of the guilty Rider.

A similar system shall apply for a Rider/sidecar team who, in the opinion of the Referee, has deliberately laid down his machine or has left the course in the interest of safety.

#### **70.10.15 Outside assistance**

A Rider must be disqualified from a heat if, after the green light has been switched on (or other starting warning given), or the heat has been properly started, he receives outside assistance except for removing him and/or his machine from the track in the interest of safety.

All contacts by other persons with the Rider or his machine, whether intended to give assistance or not, shall be deemed outside assistance.

#### **70.10.16 Disqualifications**

A disqualified Rider must leave the track without delay and return to the pits as soon as possible after the heat is stopped or finished.

If a Rider is disqualified after the finish of a heat, the following Rider

must be advanced one place.

#### **70.10.17 Time limit**

No protest or appeal is permitted against this rule.

A Rider must be considered as having retired from a heat if he has not started their last lap before the winner has crossed the finish line.

##### Speedway and Ice Racing

A Rider must also be considered as having retired from a heat if he has not completed the required number of laps within 3 minutes of the start.

##### Long Track and Track Racing Sidecar

A Rider must also be considered as having retired from a heat if they have not completed the required number of laps within 6 minutes of the start.

#### **70.10.18 Finish of a heat**

The finish of a heat shall occur in the case of any of the following circumstances.

- a) when the front part of the front wheel of the motorcycle (whilst attached to the machine) passes over the finishing line after completing the appropriate number of laps provided the Competitor is in contact with his motorcycle.
- b) when the Referee has awarded the heat as provided for in these regulations.
- c) If the Referee has cause to stop a heat after the leading Rider has passed the start/finish line to commence the last lap, the Referee has the sole discretion to award the heat based upon the positions of the competitors at the time the heat was caused to be stopped. The disqualified Rider will be awarded no points and any competitors behind the disqualified Riders being advanced one place.
- d) Where racing incidents etc. have reduced the riders available to take part in the re run of any heat to a single competitor, the Referee may award the appropriate number of points to the remaining competitor without the need for a further rerun.
- e)

### **70.10.19 False finish**

When a heat has been indicated as finished by display of the black- and-white chequered flag before the required number of laps has been completed by the leading Rider, the Referee must declare the heat void and order a rerun except when the race has been awarded as allowed for in article 70.10.17.

If the black-and-white chequered flag has not been shown after the completion of the required number of laps, the flag shall be considered to have been shown.

### **70.10.20 Rerun heat**

If an accident on the track occurs and, in the opinion of the Referee, it is dangerous for the heat to continue, he must stop the heat. Only the Referee is empowered to order a heat to be stopped.

Any Rider who, for any reason, is deemed to have been the primary cause of the heat being stopped shall be disqualified from the rerun. A reserve Rider is not permitted to take their place.

The Referee may permit any Rider who has fallen as a result of having been fouled or because they have deliberately laid down their motorcycle or left the course in the interest of safety to take part in the rerun. In such cases any outside assistance may be ignored.

Any Rider eligible to take part in a rerun may change their motorcycle for the rerun.

A reserve Rider is permitted to replace a Rider who has injured himself or damaged his motorcycle but who has not been deemed to be the primary cause of the heat being stopped.

When taking part in a rerun, Riders must start from their original starting positions and any permitted reserve Rider must occupy the position of the Rider he is replacing.

When a Rider has been disqualified in Pairs or Team heats, his partner may choose his original start position or that of his disqualified partner.

Any Rider who has failed to start in, has retired from (which includes not proceeding under power when the heat was stopped) or has been

disqualified from a heat which has been ordered to be rerun, shall be ineligible to take part in the rerun, except in circumstances where they have retired after being fouled or have stopped in the interest of safety as described above.

#### **70.10.21          Withdrawal of a Rider/Team**

Having entered a meeting in the proper manner, any Rider or team who fails to present themselves ready to ride at the time stipulated in the SR, or who refuses without reasonable cause, as determined by the Referee, to ride in any heat in which they are due to ride shall be guilty of an offence for which they may be penalised by the International Jury.

No Rider may leave a meeting, withdraw from or cease to participate in a meeting without permission. Such permission can be given only by the Referee after consultation with the International Jury.

An FMN or an organiser, official or other person withdrawing, or attempting to withdraw any Rider (except in case of injury), Pair or Team from a heat or from a meeting shall be guilty of an offence for which they may be penalised by the International Jury or the CCP Bureau. The penalty can be a fine or an unlimited suspension.

### **70.11              RESULTS**

#### **70.11.1          Calculation of results**

Results are normally determined by points related to finishing order. Other methods may be used, but the method must be stated in the SR.

The winner of the heat is the Rider who has completed the required number of laps in the shortest time. The Riders following are placed according to the order of crossing the finish line.

Only the Referee is entitled to determine the points for each Rider in each heat, taking also into consideration the second sentence of Art. 70.10.16 - Disqualifications.

His decision, once announced, is final and may not be the object of protest. Once the Referee has declared a heat over and he has announced the finishing order and respective points, in no case shall that heat be re-run. (The only exceptions are being as per Art. 70.10.19 and 70.10.20 and below.)

In very special circumstances however involving situations that are beyond the control of the Referee and have influenced the heat result the Referee can take a decision to order a re-run of the heat concerned or amend the result of the heat before the start of the next heat or within 5 minutes in the case of the last heat of the meeting.

When two or more Riders cross the finish line together, the combined points

for the places must be shared equally between the Riders concerned.

When World Championship points are awarded according to the finishing order of Final heats, a chronological criteria should be used for awarding points (when applicable).

A Rider (for Sidecar, both the Rider and passenger) must be in physical contact with his (their) machine when crossing the finishing line.

#### **70.11.2 Riders' scores**

### 70.11.3 Ties

In all run-off heats concerning the ties, the starting positions at the gate shall be balloted in presence of the Jury President.

Unless a more specific regulation is applicable to the competition the following will apply:

#### Individual Speedway and Ice Racing, Speedway Sidecar

For all meetings, after the official programme of heats has been terminated should there be a tie for the first 3 places or for the last qualifying place or substitute position to go forward to the next round, there will be a heat to resolve the tie.

For all other cases, ties will be solved as follows:

- Precedence will be given to the Riders (tied on points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup> (5<sup>th</sup> or 6<sup>th</sup> where applicable) placings. (an “0” for last placing being better than M-R-F-T-d-N).
- If the tie still persists and involves only 2 Riders, precedence will be given to the best placed Rider in the heat where the 2 Riders met.
- If the tie still persists and involves more than 2 Riders, it shall be checked whether there is a possibility to determine a proper precedence (i.e. 3 Riders tied on points: A, B, C):

Rider A has beaten Rider B Rider A has beaten Rider C Rider B has beaten Rider C.

Then the precedence will be: best position for Rider A, then Rider B and then Rider C.

- d) If solutions a), b) and c) cannot be used, the order shall be determined by ballot.

When five Riders are tied on points, the following run-off schedule must be used:

Heat 1: Riders A, B and C

Heat 2: Riders D and E

Heat 3: 2<sup>nd</sup> and 3<sup>rd</sup> from Heat 1 and 2<sup>nd</sup> from Heat 2

Heat 4: 1<sup>st</sup> from Heat 1, 1<sup>st</sup> from Heat 2, 1<sup>st</sup> and 2<sup>nd</sup> from heat 3

The Riders must be balloted to heats 1 and 2.

In case one or more run-offs cannot be held because of force majeure, then precedence will be given to the Riders (tied on points) according to points a), b), c) or d) of this article.

#### Team Speedway, Long Track of Nations and Ice Speedway of Nations

For all meetings between Teams, should there be a tie for the first 3 places or the last qualifying place; the tie will be solved by a new heat with one Rider from each Team involved in the tie.

If this heat cannot be held because of force majeure, the ties will be solved as follows:

- a) Precedence will be given to the Team (tied on points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup> (5<sup>th</sup> or 6<sup>th</sup> where applicable) placings. (an “0” for last placing being better than M-R-F-T-d-N) taking into consideration the placings of all Riders of each Team.
- b) If solution a) cannot be used, the order shall be determined by ballot.

#### Starting Area

If only two Riders take part in the run-off, the starting area must be divided into two equal parts (outer and inner start position).

If three Riders take part in the run-off, the starting area must be divided into three equal parts.

#### Individual Long Track & Track Racing Youth Gold Trophy and Long Track Youth World Cup

For all meetings, after the official programme of heats has been terminated should there be a tie for the first 3 places or for the last qualifying place or substitute position to go forward to the next round, there will be a heat to resolve the tie.

In case of one or more ties at the end of the Qualifying Heats, the

following will apply:

1. Precedence will be given to the Riders having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> or 6<sup>th</sup> placings where applicable (an “0” for last placing being better than M-R-F-T-d-N).
2. Ballot.

#### **70.11.4 Interruption of a meeting**

If a meeting is interrupted or suspended for any reason whatsoever, where no more specific regulation is applicable to the discipline, the following rules will apply:

Speedway, Long Track, Speedway Sidecar, Flat Track and Ice Racing (when run on 1 day):

- a) When a meeting is interrupted before the accomplishment of 50% of the scheduled heats per participant (Rider or team) but can continue the same day, then, only the remaining scheduled heats will be staged after the interruption. The final classification will be established taking into consideration the heats staged before and after the interruption.
- b) When a meeting is interrupted before the accomplishment of 50% of the scheduled heats per participant but cannot continue the same day, then, the results of the staged heats will not be taken into consideration. The meeting will be re-staged from the beginning on the date(s) stipulated in the Supplementary Regulations.
- c) When a meeting is interrupted and cannot continue on the same day, and if 50% or more of the scheduled heats per participant are accomplished, then, the meeting must be considered as valid. The position in the final classification will be established by adding the points scored by each participant (Rider or Team) in the same number of accomplished heats which means that when a participant (Rider or Team) had the opportunity to accomplish one more heat than the other participants, then, that heat must not be taken into consideration (example: an individual meeting is interrupted after heat 14 and cannot continue the same day. The final classification will then be established taking into consideration only heats 1 to 12). This rule applies entirely to each single day of a 2 days Ice Racing meeting.
- d)

### Ice Racing (when run as “2-day formula”)

- a) When the meeting of the 1<sup>st</sup> day is interrupted before 50% of the scheduled heats per participant have been accomplished and the remaining heats cannot be staged the same day, then the results are not taken into consideration. Only, the heats of the 2<sup>nd</sup> day (which must be more than 50% of the scheduled heats per participant will count for the final classification.
- b) When a valid result of the 1<sup>st</sup> day is accomplished but the 2<sup>nd</sup> day of racing is interrupted before 50% of the scheduled heats per participant for that day have been accomplished, then the International Jury, taking into consideration the track and weather conditions, will decide if the Organisers can re-stage the 2<sup>nd</sup> day or consider, for the final classification only the results of the 1<sup>st</sup> day.

If an FIM Track Racing Championship meeting comprising a qualifying round, semifinal, Race Off or Challenge cannot be staged or restaged or reallocated to an alternative venue or FMN for exceptional circumstances (i.e. Weather) that are acceptable to the CCP Bureau, the CCP Bureau at its sole discretion will nominate a list of appropriate Riders to be seeded into the next qualification round, Challenge or Final Series. The Riders will be selected from original scheduled line up of the cancelled meeting.

The Riders for the official “Nominated Substitute Riders list” will be nominated by the CCP Bureau.

### **70.11.5 Communication of results**

Immediately after the meeting, the FMNR must send by e-mail to the FIM the complete results of all participants who competed in their meeting. The original of all documents sent by e-mail must also be signed by the Jury President and the Referee and sent to the FIM by mail.

The results must contain at least the following information:

#### **70.11.6            Alteration of results**

No alteration to the list of results may be made after the expiry of the time limit, which is set for protests. This does not place any restriction on the right of protest according to the FIM Disciplinary and Arbitration Code.

#### **70.11.7            Prize-Giving Ceremony**

In all meetings, after the official programme of heats is terminated, there shall be a Prize-Giving Ceremony.

The Riders or teams placed first, second and third shall attend the official Prize-Giving Ceremony.

The presence of the FMNR or FIM Officials at the Prize-Giving Ceremony is not a confirmation of the official results.

### **70.12               RIDERS' AND TEAMS' EXPENSE REIMBURSEMENT**

The expense reimbursement due to the Riders or teams shall be in accordance with the agreement between the Riders or teams and the organiser or as laid down in the SR.

For the FIM World Championships, the expense reimbursement due to the Riders or teams is indicated in the scales of the different Championships under the relevant Appendices.

The place and time of the expense reimbursement to the Riders or teams, must be stated in the SR.

#### **70.12.1            Special agreements between FMNs**

FMNs are allowed to make special agreements with regard to the Riders' and teams' expense reimbursement for a specific meeting.

Organisers are allowed to pay a different expense reimbursement than the relevant FIM scales, subject to agreement between the FMNs and organisers involved.

Organisers are allowed to reimburse airfares or other expenses subject to agreement between FMNs and organisers involved. Travel between

continents is subject to agreement between FMNs involved, or to be decided by the FIM.

In special cases, when travelling includes long distance flights, travel arrangements can be settled by the CCP with the FMNs concerned.

## **70.12.2 Hotel accommodation**

The organiser is responsible for the possibility of the Riders and officials to book an appropriate number of rooms within the specified deadline. The Riders, the FIM and FMN officials etc. are responsible for booking or reserving their own hotel requirements directly or with one of the official hotels specified in the SR, according to the given deadline.

The name, address, telephone and fax number/e-mail address, price of rooms, deadline for booking etc. of a minimum of 2 official hotels must be clearly specified in the SR.

### **70.12.2.1 Hotel accommodation paid by the organiser**

#### Ice Racing (For Finals only)

For the FIM World Championship Finals and the FIM Ice Speedway of Nations held over two days, the organisers have the following two options:

- The hotel accommodation (one double room for 3 nights per Rider) must be paid by the organiser.

Or

- The organiser shall give 250 euros to the Riders for their own accommodation arrangements when they sign on.

These two options apply without any deductions regarding the overall payment to the Riders after the meeting.

### **70.12.3 Expense reimbursement in case of cancellation or interruption of a meeting**

In the FIM World Championships without a FIM Promoter, in the case where a meeting is interrupted, suspended or cancelled for any reason

whatsoever so that a proper classification cannot be obtained and the meeting cannot be restaged on the dates given in the SR, the Riders and

teams are entitled to receive 50% of the amount shown in the scale of expense reimbursement divided by the number of Riders (Reserve Riders included).

#### **70.12.4 FIM Awards**

FIM medals and diplomas are awarded to winners in accordance with the FIM Sporting Code.

### **70.13 ALCOHOL AND DOPING CONTROLS**

Alcohol controls may be carried out by an Alcohol Control Officer or FIM Race Director/Coordinator before the start of the practice, or at any time during the meeting.

The sanctions for a positive doping and/or alcohol test will be pronounced according to the rules and proceedings laid down in the FIM Anti-Doping Code, FIM Medical Code and FIM Disciplinary and Arbitration Code.

### **70.14 PROTESTS AND PENALTIES**

Protests and appeals are subject to the rules and proceedings provided for in the FIM Disciplinary and Arbitration Code.

Any protest must be lodged immediately after the reason for the protest is known. They must be in writing, stating the article numbers relevant to the protest, and accompanied by the fee stipulated in the SR and submitted to the Clerk of the Course who in turn will submit them to the Referee.

If the protest requires a measurement of the capacity of an engine which proves to be in order, then the protesting party must pay the actual labour costs for dismantling and reassembling the engine, up to a maximum of 600 Euros.-.

Any irregularity, error or fraudulent action on the part of the Rider (and/or the machine concerned) that could influence on the result of a heat or the race would be followed by sanctions (cancellation of the points of the heat or the meeting, disqualification, suspension, etc...).

#### **70.14.1 Time limit**

Protests relating to an error, irregularity or fraudulent action on the part of the Rider (and/or the machine concerned) that could influence the result of a subsequent heat must be lodged before those concerned leave the pits for that subsequent heat.

If the protest relates to an incident during racing, it must be lodged before the Riders leave the pits for their next heat.

Should the reason for the protest occur in the last heat of the meeting, the protest must be lodged within 10 minutes of the finish of that heat.

If a protest has been lodged verbally, it must be confirmed in writing not more than 15 minutes later.

#### **70.14.2 Right of protest and appeal**

No protest or appeal may be made against a decision by a Referee or Technical Steward on a statement of fact.

#### **70.14.3 Fines**

The sanction must be proportional to the offence, and to the circumstances (attenuating or aggravating if applicable) and taking account of any possible advantage gained by the Rider. Riders breaking the Rules shall be sanctioned by the International Jury as follows:

|                                                                                                                                                                                                                                                          | MAXIMUM AMOUNT                                                                  |

## **71b.1 DEFINITIONS**

### **71b.1.1 Speedway League meeting**

An International Speedway League meeting consists of all official activities related to racing, starting with the first administration controls and technical verifications until the settlement of all admissible protests which are to be dealt with by the Jury or the Referee.

The meeting must be held according to the relevant FMNs' League rules and the FIM Technical Regulations, Sporting Code, Anti-doping Code and FIM regulations.

### **71b.1.2 Dates of the meetings**

In the best interest of each country where International Speedway League meetings are being held, an International Speedway League Calendar is created each year in order to harmonise the dates. The calendar is based on a Weekly Slot System where each of the four biggest countries for League Speedway (BSPA, DMU, PZM and SVEMO) has its own priority day or days. The calendar is created in cooperation with the FIM and FIM Europe Track Racing Commissions to find the best possible solutions for all parties. The calendar is in the last instance approved by the FIM International Speedway League Bureau (ISLB) together with the FIM and FIM Europe Track Racing Director/Chairman.

From 2020 all League Meetings listed in the International Speedway League Calendar, must also be inscribed in the FIM Open Calendar. This is so the insurance included in the appropriate licences for League Racing are to be valid.

There must also be one weekend stated in the weekly Slot System Calendar (**from the** middle of July to the middle of August) free of any League, FIM and FIM Europe meetings for each FMN to run their National Championships without interruption. On the chosen weekend the riders FMN have full priority on their riders, should any FMN choose another date/weekend for their National Championship this FMN has no priority on their riders.

During the ISLB Bureau meeting in February the ISLB members will decide the weekend for the following years National Championships, to give FIM and FIM Europe Track Racing time to

inform their respective promoters of the **chosen** weekend.

A League Championship meeting always take priority over any challenge/cup matches and open meetings.

### **71b.1.3 Weekly Slot System**

The following priority days has been agreed between all involved parties for the Weekly Slot System Calendar.

BSPA, Premiership = Monday & Thursday

SVEMO, Elitserien = Tuesday & Thursdays in cooperation with BSPA  
(Svemo have second priority to BSPA on Thursdays)

DMU, DSL = Wednesday

PZM, Ekstraliga = Friday & Sunday (PZM have second priority to DMU on Wednesdays during Ekstraliga Play Offs)

FIM / FIM Europe = Saturday (FIM / FIM Europe has priority over any League Championship meetings on this day, including the re-staging dates). FIM and FIM Europe also have priority over any League Championship meetings on other weekdays (including the re-staging dates), providing the date of the meeting has been agreed by the affected ISLB Bureau member or members and is listed in the approved International League Calendar at the start of the season.

During these days stated in the Weekly Slot System Calendar this league has priority on all their contracted riders, regardless of nationality. Where a rider is contracted to more than one ISLB full member they must ride for the team who has priority on any given day or date in accordance with the rules as above.

Each League must also list some official re-staging dates on their priority day in the League Calendar where eventual postponed meetings must be held. Should any other days be needed for postponed meetings and the chosen date clashes with another Leagues priority day, this League will have priority on all their contracted riders, regardless of nationality.

Agreements can be made between two FMNs for the use of “their priority day” concerning both League and re-staging dates. Such agreements must be communicated to all ISLB Bureau members.

With the introduction of the Weekly Slot System to resolve problems concerning availability of the riders, no FMN are allowed to make National restrictions concerning priority of riders.

#### **71b.1.3.1 Clash of dates**

If a clash of dates is caused and the above approved Weekly Slot System does not cover the Clash the following will apply:

1. Where the clash involves a rider from the two clashing FMNs, precedence is given to the nationality of the rider, (i.e. a Swedish rider will compete for his Swedish team).
2. Where the clash involves a rider from an FMN outside those involved in the clash, priority will go to the club for whom the rider has made the greater number of total appearances in League Championship Meetings only, taking into account the current season and the previous season if needed.

If the rider has ridden in equal number of meetings for both clubs the previous season will also count, but if the rider rode for one of the two clubs the previous year, this club will take priority.

3. If none of the above are decisive and no agreement can be made between the two involved leagues, the case must be referred to the ISLB Bureau who will make the decision. The case must be referred to ISLB no later than five days before the relevant meeting.
4. In the event that agreement cannot be reached between the ISLB members and the votes are equal, the CCP Director will have the casting vote.

#### **71b.1.3.2 Change of Priority Day**

Should at any time a full member of the ISLB for any reason wish a change to their priority day(s) to be considered, they may make an application, in writing, to all other full members of the ISLB a minimum of 12 months prior to the date on which they wish the change to become effective. This to enable full consideration to be given to implications of the proposed change on other members of the Bureau.

#### **71b.1.4 FIM International Speedway League Bureau**

The FIM International Speedway League Bureau (ISLB) is an International body and a part of the FIM Track Racing Commission. The ISLB deals with all the International matters related to the different Leagues.

The ISLB is competent to study and approve amendments to the FIM Speedway World League proposed by the CCP or other parties involved in the competition.

The FIM International Speedway League Bureau shall consist of:

- One member from BSPA
- One member from DMU
- One member from PZM
- One member from SVEMO

The ISLB Chairman is nominated by the ISLB Members with the majority of votes; including the vote of the CCP Director (CCP Director has a casting vote).

#### **71b.2 DUTY OF THE FIM INTERNATIONAL SPEEDWAY LEAGUE BUREAU**

The ISLB shall consider all CCP decisions that may inflict on the International League activity, also including technical changes, calendar etc.

#### **71b.3 RIDERS**

To compete in a foreign League the rider must be a holder of one of the following valid FIM Licences:

- Annual Individual Speedway Grand Prix World Championship Licence
- Annual Track Racing World Championship Licence
- Annual or One Event FIM International Meeting Licence.

The Licences are supplied by the FIM and issued by each FMN, except for the SGP Licence. The FMN is also responsible for the riders insurance according to Art. 110.2 Sporting Code and the cost of the licences.

### **71b.3.1 Start Permission**

After signing a foreign rider, the riders FMN must issue a Start Permission according to these rules for the rider to be able to compete in the relevant League.

The FIM Start Permission template “Start Permission for International Speedway Leagues” (updated 2018-11-05) must be used. Start Permissions can only be issued for a minimum of one season at the time or for the same length of time as of the contract between the club and the rider. It is not allowed for any FMN to enter shorter terms or make any other changes to this start permission document.

The start permission must be issued within 5 working days of being requested by the FMN concerned or the rider.

Start Permissions can only be withdrawn by the issuing FMN for disciplinary reasons or if the foreign club has been guilty of breach of contract towards the rider.

If a conflict occurs between a rider and/or the Leagues, the ISLB will decide upon any issue.

### **71b.3.2 Age of Riders**

The age of the riders shall be determined in accordance with the FIM Track Racing Appendices.

### **71b.4 RACE FORMAT**

Each FMN/League decides its race format according to its own league system.

16 Riders (plus 2 track reserve Riders) will compete in each meeting.

Each FMNR of a FIM Speedway Under 21 World Championship qualifying meeting (Qualifying Round and/or Semi-Final) is guaranteed at least one programmed Rider from its federation in this qualifying meeting.

The CCP decides the number of qualified Riders from each Qualifying Round and/or Semi-Final before the first Qualifying Meeting.

Meetings will be conducted in accordance with the FIM Track Racing Appendices unless as specified below.

### **72.2.1 Race Director**

For the Final series, the FIM will appoint a Race Director.

The CCP will decide the number of qualified Riders from each qualification round before the first qualification meeting.

Should a qualified Rider be unable to take part in any subsequent round (semi - final/race off/final series etc) any additional Riders that may be required will be elevated from the previous round of qualification meetings. He first will be the next highest placed Rider from Qualification

Meeting No: 1 and alternate between the other qualification rounds in numbered sequence order.

### Time Limit - Replacement Riders

As soon as possible after the completion of each full World Championship U21 Qualification tier in any one year, the FIM Speedway U21 Commission will publish the order of precedence for additional Riders to be elevated to the next round or tier of rounds.

In circumstances where a qualified Rider cannot take part in any meeting as specified above, for a reason accepted by the FIM Speedway U21 Commission they will be replaced in accordance with the above subject to official communication being communicated to the replacement Rider up to 48 hours prior to the start time of the first heat as per the supplementary regulations. Thereafter any vacant position at the discretion of the FIM Speedway U21 Commission may be taken by a track reserve in accordance with the order of their nomination (ie 17, then 18 etc).

## **72.3 RE-STAGING OR ABANDONMENT OF A MEETING**

If a FIM Speedway Under 21 Final meeting is interrupted or suspended for any reason whatsoever, the following rules will apply:

1. If the meeting is interrupted before heat 16 is accomplished, and the remaining heats cannot be completed the same day, then the results are not taken into consideration and the whole meeting must be re-staged.
2. If the meeting is interrupted before heat 20 is accomplished and the remaining heats cannot be completed, then the race points scored at the completion of heat 16 (whichever applies) will determine the result.

In the event of a tie in the points scored at the completion of Heat 16 (whichever applies) the finishing order will be determined by the formula set out in Art. 72.6.1.

3. If the meeting is interrupted before heat 21, heat 22 or heat 23 is accomplished and the remaining heats cannot be completed, then the results will be considered valid and the following will determine the final meeting Classification and FIM Speedway Under 21 Final points:

Before heat 23: The Riders' total race points scored at the completion of heat 21 and heat 22 will determine the final meeting Classification.

4. In exceptional circumstances the FIM Speedway U21 Commission may authorise a departure from this formula for a specific event. In this event the changes must be set out in the Supplementary Regulations for the event. Only the U21 Commission may approve such changes.

## 72.5.7 Riding numbers jackets

Each Rider accepted for the FIM U21 World Championship will be allocated a number between 1 and 15, which will be valid for the FIM U21 World Championship of that year. In each Final Meeting riding number 16 will be allocated to the Wild Card Rider and riding numbers 17 and 18 to the Track Reserve Riders. The allocated number will be used to resolve any eventual ties where the lowest riding number is deemed to be the better placed Rider. Additionally, the 15 permanent and 3 substitute U21 Riders may apply to use their own personal racing numbers on their race jacket and bikes. They may choose any riding number with a maximum of 3 digits provided that it has not previously been allocated to another Rider, the number cannot start with a 0. Riding numbers 1 to 22 are reserved for the use of FIM only. To request a specific personal racing number the Rider must send an application to FIM within a set deadline. Should more than one Rider request the same number, preference will be given to either the Rider who has a clear history of adopting that number, or if this is not the case for either Rider, then the higher ranked Rider will be allocated this number. Other Riders will then need to select an alternative number. Riders who have not requested a specific personal riding number within the deadline will be required to use their allocated U21 number. The FIM U21 Promoter will supply the riding number jackets and it is compulsory for each Rider to wear this riding number jacket at all times during TV Interviews, Draws, Practice, Parade, Press Conferences, Racing, Prize-Giving Ceremony and in the pits area. The covering of any part of the riding number jacket in any way is not permitted. All Riding Number Jackets will need to be signed out when received and signed back in when returned by the Riders mechanic or representative to a collection point to be confirmed by the Race Director at each event. The Rider is responsible for his riding number jacket and the cost of any riding number jacket not returned will be charged to the Rider and deducted from the Prize Monies.

## 72.5.8 Fuel

It is compulsory for every organiser of a FIM Speedway U21 World Championship Final meeting to provide, free of charge (during practice and racing) the methanol for all the Riders.

It is compulsory for the Riders to use this fuel provided.

Methanol samples may be taken at random.

## 72.6 RESULTS

### 72.6.1 Ties

#### After the completion of Heat 20, 21 or 22

When establishing the order between the Riders in the list of Intermediate Classification at the conclusion of Heat 20, or following the completion of the Semi-Final Heats 21 and 22, any ties will be solved as follows:

- Precedence will be given to the Riders (tied on race points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> placings (a “0” for last placing is better than being disqualified for whatever reason).
- If the tie still persists and involves only 2 Riders, precedence will be given to the better placed Rider in the heat or heats where the 2 Riders met.
- If the tie still persists and involves more than 2 Riders, it shall be checked whether there is a possibility to determine a proper precedence (e.g. 3 Riders tied on points: A, B, C:
  - Rider A has beaten Rider B
  - Rider A has beaten Rider C
  - Rider B has beaten Rider C

Then the precedence will be: best position for Rider A, then Rider B and then Rider C.

- If solutions a), b) and c) cannot resolve the tie, then the order will be determined by ballot.

#### The Intermediate Final Series Classification

In case of Riders tied on final series points in the Intermediate Classification, the Rider with highest position in the last staged round will be deemed the better-placed Rider.

#### The Final Overall Series Classification

In case of Riders involved in a tie on the Final Overall Series Classification,  
at the end of the Series, the following will apply:

1. Run-off for 1st, 2nd and 3rd place.

For all other placings, the Rider with the highest position in the last staged round will be deemed the better-placed Rider.

Results and Final Series Points

At the end of each Final Series meeting, points equivalent to the Race points scored during heats 1 to 23 will be awarded to the Riders.

The U21 World Champion will be the Rider having collected the most Final Series points at the end of the Series (Final Overall Series Classification). In case of Riders tied on points, Art.72.5.1 will apply.

## 74.1 GENERAL

The FIM Ice Speedway World Championship will start with a qualifying meeting or a series of meetings leading to a Final Series.

Sixteen (16) programmed Riders plus two staging FMNR Track Reserve Riders will participate in each meeting.

Each FMNR staging an FIM Ice Speedway World Championship meeting (Qualifying Round, Semi-Final meeting, a Challenge or a Final Series meeting) is guaranteed a minimum at least one programmed FMNR Rider in that meeting.

The qualifying format will be published by the CCP prior to the start of each Ice Speedway season.

### 74.1.1 Race Coordinator

For the Final series, the FIM will appoint a Race Coordinator.

The Race Coordinator is responsible for the conduct and efficient running of a specified meeting or meetings. He is a voting member of the International Jury, and shall be present at all International Jury meetings.

He is responsible for holding regular meetings with the Riders and their associations in order to obtain a good cooperation and with the aim of continuously improving the standard of the FIM events.

## 74.2 PARTICIPANTS

The number of programmed Riders from each FMN will be allocated by the CCP to the qualifying meetings. Each FMN may only nominate its own Riders who must hold a FIM World Championship license issued by that FMN.

Where a series of qualifying meetings are held, a Rider who has qualified but unable to take part in any subsequent Qualifying Meeting for any reason will be replaced by the next best placed Rider from his/her Qualifying Round.

Each FMNR staging an Ice **Speedway** meeting must nominate two of its Riders as Track Reserve Riders.

### **74.2.1 Qualified Riders**

Six (6) Riders from each Qualification Round, plus the 2019 World Champion will qualify for the Final Series.

The qualifying system will be determined through a qualifying system determined by the CCP (Q-rounds and/or semi-finals and/or the Challenge).

No FMN may have more than five programmed Riders (Qualified and/or permanently Nominated Riders) in any Final Series meeting. A nominated non-permanent Wild Card Rider is not included in this total.

### **74.2.2 Nominated Rider**

Two (2) Riders will be permanently nominated to the Final Series by the CCP Bureau.

The nomination of these Riders will be decided and announced as soon as practical after the conclusion of the final qualifying meeting or Challenge.

### **74.2.3 Wild Card Rider**

One Wild Card Rider will be nominated to each Final Series meeting. Any FMN may propose suitable Wild Card Riders. These proposals must be made in writing to the FIM not later than 1 month prior to the meeting.

The CCP Bureau will make the final approval and nomination.

### **74.2.4 Track Reserve Riders**

Each FMNR will nominate two track reserve Riders for its Final Meeting approved by the CCP Bureau.

When a Track Reserve Rider takes part in the qualification heats having replaced one or more programmed Riders, then the points they score will count for qualification towards Semi-final heats or a Final heat of that meeting. A Track Reserve is allowed to take part in a maximum of 5 qualification heats.

No track reserve Rider will take part in Semi-Final or Final heats unless he has already qualified from the qualification heats.

The Track Reserve Riders may have their fuel tank filled up during the race meeting and do not need to empty fuel tanks and refuel the bikes prior to each heat.

#### **74.25 Nominated Substitute Riders**

If any of the permanently Qualified or Nominated Riders is unable to participate in any one or more Final Series meeting (s) and the time allows, he will be replaced by the next Rider from the FIM Ice Speedway World Championship list of Qualified Substitutes, approved and published by the CCP Bureau. If this is not possible, the first Track Reserve Rider will replace the missing Rider as a programmed Rider in the specific Final Series Meeting(s) concerned.

If a permanently Qualified or Nominated Rider retires for the whole or the remaining of the Final Series, he will be permanently replaced by the next Rider from the list of Nominated Substitutes. This is subject to the conditions as per 74.3.1.

#### **74.3 RIDING NUMBERS**

For the Final series the permanent riding numbers are:

No: 1-15 will be decided by the CCP according to the previous year's World Championship classification and the qualifying meetings

No: 16 is the Wild Card Rider

No: 17-18 are the FMNR nominated Track Reserve Riders

##### **74.3.1 Riding number jackets**

Each Rider accepted for the FIM Ice Speedway World Championship Final Series will be allocated an Ice Speedway Final number between 1 and 15, which will be valid for the whole Championship of that year. In general, this Ice Speedway Gladiators Final number will reflect the Final result of the previous year's FIM Ice Speedway World Championship.

In each Ice Speedway World Championship Final meeting, riding number 16 to 18 will be allocated to the FIM Ice Speedway wild card, reserve Riders.

Additionally, the 15 permanent Ice Speedway Riders and Nominated Substitute Riders may apply to use their own personal racing numbers on their Race Jacket and bikes. They may choose any riding number with a maximum of 3 digits provided that it has not previously been allocated to another Rider in the last 2 seasons, or reserved by FIM. Riding numbers 1 to 18 are reserved for the use of FIM only.

To request a specific personal racing number the Rider must send an application to FIM within a set deadline. Should more than one Rider request the same number, preference will be given to either the Rider who has a clear history of adopting that number, or if this is not the case for either Rider, then the higher ranked Rider will be allocated this number. Other Riders will then need to select an alternative number. FIM will be responsible for resolving any dispute which might arise. Riders who have not requested a specific personal riding number within the deadline will be required to use their allocated Ice Speedway Final number.

The FIM will supply the riding number jackets and it is compulsory for each Rider to wear this riding number jacket at all times during Practice, Parade, Press Conferences, Rider's Briefing, Photo Session, Autograph Session, Racing, Prize-Giving Ceremony, Interviews and in the pits' area.

The covering of any part of the riding number jacket in any way is not permitted.

The riding number jackets, front plate and the meeting passes (5) of the Wildcard and Reserves Riders must be returned to the Race Coordinator / Organiser immediately after the last heat or after the Press Conference for the Riders concerned. The Rider is responsible for his riding number jackets, front plate and the meeting passes (5) and the cost of any riding number jacket not returned will be charged to the Rider and deducted from the Prize Monies.

#### **74.4 TEAM ENTRIES**

Any Team which holds a FIM sporting Team License is entitled to enter up to three Riders under its team's name into the Final Series and have its team's name mentioned in the results.

#### **74.5 FUEL**

It is compulsory for the Riders to use this fuel provided. Methanol samples may be taken at random.

## **74.6 STARTING POSITION DRAW**

The Riders' starting position draw will be balloted before each Meeting (Qualifying or Final Series) by the CCP.

## **74.7 RACE FORMAT**

Riders will be awarded race points according to their finishing position in each race: 3 points for first place, 2 points for second place, 1 point for third place and 0 point for the fourth place.

After heat 20, there will be an intermediate classification from the 1<sup>st</sup> to 18<sup>th</sup> place according to the total Race points each Rider has scored.

Qualifying meetings including the Challenge will be organized in a 20 heat meeting. There will be no Semi Final or Final.

The Final Series meetings must always be organised as a 2 day meeting each of 23 heats (20 Classification heats + 2 Semi-final heats and a Grand Final heat) each day will count as a separate Final Series meeting.

**74.8.1            Ties**

### After the completion of Heat 20, 21 or 22

When establishing the order between the Riders in the list of Intermediate Classification at the conclusion of Heat 20, or following the completion of the Semi-Final Heats 21 and 22, any ties will be solved as follows:

- a) Precedence will be given to the Riders (tied on race points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> places (a “0” for last place is better than being disqualified for whatever reason).
- b) If the tie still persists and involves only 2 Riders, precedence will be given to the better placed Rider in the heat or heats where the 2 Riders met.
- c) If the tie still persists and involves more than 2 Riders, it shall be checked whether there is a possibility to determine a proper precedence. e.g. 3 Riders tied on points: A, B, C:
  - Rider A has beaten Rider B
  - Rider A has beaten Rider C
  - Rider B has beaten Rider C

Then the precedence will be: best position for Rider A, then Rider B and then Rider C.

- d) If solutions A), B) and C) cannot resolve the tie:

In the case of a final Series Meeting - the lowest riding number jacket will be deemed the better placed Rider.

In the case of a qualifying meeting (s) - A ballot.

### The Intermediate Ice Speedway Classification

In case of Riders tied on World Championship points in the Intermediate Classification, the Rider with the lowest allocated Ice Speedway Final number will be deemed the better placed Rider.

### The Final Overall Ice Speedway World Championship Classification

In case of Riders involved in a tie on the Final Overall Classification, at the end of the Ice Series, the following will apply:

1. Run-off for 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> place.
2. For all other places, the result from the final meeting will take preference.

## 7C.4 RESULTS

### 7C.4.1 Ties

#### After the completion of Heat 20

When establishing the order between the Riders in the list of Intermediate Classification at the conclusion of Heat 20 any ties will be solved as follows:

- a) Precedence will be given to the Riders (tied on race points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> placings (a “0” for last placing is better than being disqualified for whatever reason).
- b) If the tie still persists and involves only 2 Riders, precedence will be given to the better placed Rider in the heat or heats where the 2 Riders met.
- c) If the tie still persists and involves more than 2 Riders, it shall be checked whether there is a possibility to determine a proper precedence (e.g. 3 Riders tied on points: A, B, C:
  - Rider A has beaten Rider B
  - Rider A has beaten Rider C
  - Rider B has beaten Rider C

Then the precedence will be: best position for Rider A, then Rider B and then Rider C.

- d) If solutions a), b) and c) cannot resolve the tie, then the order will be determined by ballot.

## 7C.5 EXPENSE REIMBURSEMENT

Travel expenses, as well as long distance and ferry costs, are included in the scale of expense reimbursement.

All amounts indicated in the scale of expense reimbursement are shown in Euros and are net amounts. All amounts can only be paid to the Riders in Euros €.

### Permanent Riders

In the case of injury or illness a suitably qualified medical body must certify injury or illness in writing to that effect.

A Riders FMN is responsible for the completion of this entry form and submitting it to the FIM/CCP Administration, furthermore, the Rider commits himself by his signature to be fully aware of all the FIM rules; to accept them all and to compete in the FIM Flat Track World Championship meeting for which he has been nominated.

## **7E.4 RACE STOPPAGE**

At the sole discretion of the Referee, any competitor who causes a race to be stopped will either be disqualified from the re-run or if reinstated will be handicapped by 15 meters (measured rearwards from the start line).

N.B. Handicapped Riders will always occupy the outside lane) and will go to the back of the grid or be placed 15 m from the back of the grid if a re-start.

In the case of a race stoppage:

10/12 lap race:

8 laps completed by all Riders still competing - result to stand based on the positions at the time of the stoppage.

## **7E.5 RE-STAGING OR ABANDONMENT OF A MEETING**

If a FIM Flat Track World Championship Final meeting is interrupted or suspended for any reason whatsoever, the following rules will apply:

If the meeting is interrupted before heat 8 is accomplished, and the remaining heats cannot be completed the same day, then the results are not taken into consideration and the whole meeting must be re-staged.

If the meeting is interrupted before heat 16 is accomplished and the remaining heats cannot be completed, then the race points scored at the completion of heat 16 (whichever applies) will determine the classification.

In the event of a tie in the points scored at the completion of Heat 16 (whichever applies) the finishing order will be determined by the formula set out in Art. 7E.7

If the meeting is interrupted before heat 17 or heat 18 is accomplished and the remaining heats cannot be completed, then the results will be considered valid and the following will determine the final meeting Classification and FIM Flat Track World Championship points:

Before heat 17: The Riders' total race points scored at the completion of heat 16 will determine the final meeting Classification.

Before heat 18: The Riders' total race points scored at the completion of heat 16 will determine the final meeting Classification.

In exceptional circumstances the FIM Flat Track Bureau may authorise a change from this formula. The changes must be stated in the Supplementary Regulations for the event. Only the FIM Flat Track Bureau can approve such changes.

7E.7 RESULTS

Ties

*After the completion of Heat 16*

When establishing the order between the Riders in the list of Intermediate Classification at the conclusion of Heat 16, any ties will be solved as follows: Precedence will be given to the Riders (tied on race points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> placings and so on (a “0” for last placing is better than being disqualified for whatever reason).

If the tie still persists and involves only 2 Riders, precedence will be given to the better placed Rider in the heat or heats where the 2 Riders met.

If the tie still persists and involves more than 2 Riders, it shall be checked whether there is a possibility to determine a proper precedence (e.g. 3 Riders tied on points: A, B, C):

- Rider A has beaten Rider B
- Rider A has beaten Rider C
- Rider B has beaten Rider C

Then the precedence will be: best position for Rider A, then Rider B and then Rider C.

If solutions a), b) and c) cannot resolve the tie, then the order will be determined by ballot.

*The Intermediate Final Series Classification*

In case of Riders tied on final series points in the Intermediate Classification, the Rider with highest position in the last staged round will be deemed the better-placed Rider.

*The Final Overall Series Classification*

In case of Riders involved in a tie on the Final Overall Series Classification, at the end of the Series, the following will apply:

- 1. Run-off for 1st, 2nd and 3rd place.
- For all other placings, the Rider with the highest position in the last staged round will be deemed the better-placed Rider.

**7E.8 SCALE OF EXPENSE REIMBURSEMENT**

Travel expenses, as well as long distance and ferry costs, are included in the scale of expense reimbursement of each Championship meeting. All amounts indicated in the scale of expense reimbursement are shown in Euros and are net amounts. All amounts can only be paid to the Riders in Euros € after the last Jury Meeting at every event.
